You will apply creative and critical thinking skills to your artistic expression and create art with a variety of tools and techniques. Ethical Issues

All artwork must be of YOUR OWN CREATION. You may not copy others' ideas or work. Be aware of copyright infringement. Merging ideas from a variety of sources to create your own image is acceptable and more creative. All artwork must be appropriate for school. Your artwork represents you, the school, your teacher, the community, and will be displayed. (No Drugs, Alcohol, Violence, or Obscenities) Non-Compliance with this will result in a zero.

Discipline Guidelines

Because of the nature of the art classroom, we have rules to insure a safe and orderly environment. It is important that students follow these guidelines or there will be consequences. **I do not tolerate any misconduct.** Consequences include parent contact, and office referral.
